BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

29 February 2, 2016

PATRICK OGAWA
ACTING EXECUTIVE OFFICER

**APPROVE SOLE SOURCE CONTRACT WITH THE REGENTS OF THE
UNIVERSITY OF CALIFORNIA TO PROVIDE THE LOS ANGELES COUNTY
SHERIFF'S DEPARTMENT WITH LOS ANGELES SHERIFF RISK
ASSESSMENT (LASRA) CONSULTING SERVICES
(ALL DISTRICTS) (3 VOTES)**

**CIO RECOMMENDATION: APPROVE (X) APPROVE WITH MODIFICATION ()
DISAPPROVE ()**

SUBJECT

The Los Angeles County (County) Sheriff's Department (Department) is requesting authorization from the Board to execute a Sole Source Contract (Contract) with Regents of the University of California (Regents) on behalf of University of California, Irvine (UCI) to provide and implement a Los Angeles Sheriff Risk Assessment (LASRA) tool to assist the Department's Population Management Bureau in classifying and identifying inmates for community placement.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and instruct the Chair of the Board to authorize the Sheriff to finalize and execute a Contract with Regents, substantially similar to the attached Contract, for an initial term of two years, with an option to extend for a six-month period, for a maximum Contract term not to exceed two years and six months, and a Maximum Contract Sum not to exceed \$350,000 for the term of the Contract.
2. Delegate authority to the Sheriff, or his designee, to execute Change Notices and Amendments to the Contract in order to: (1) add or update standard County contract provisions as required by the

Board or the County's Chief Executive Office (CEO); (2) execute work order(s) for optional services utilizing pool dollars as authorized under the Contract and with prior concurrence of the Chief Information Office (CIO) and County Counsel; and (3) exercise the extension option if it is in the best interest of the County.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to enter into a Contract with Regents to provide and implement a LASRA tool, which is based on the unique capabilities of UCI's California Static Risk Assessment (CSRA) tool. The CSRA tool was previously developed by UCI's Center for Evidence-Based Corrections for the State of California (State) Department of Corrections and Rehabilitation (CDCR) to classify the CDCR inmate population. The CSRA solution was built by UCI for CDCR over a 24-month period. The proposed project capitalizes on extensive academic research and program coding that would be costly and time consuming to replicate. Building on and modifying the existing source code for the CSRA tool will enable UCI to implement an automated risk assessment tool for the Department within a shorter period of time.

To build the LASRA tool, UCI will modify the CSRA solution to (1) capture County inmate demographics and criminal history; and (2) interface with the Department of Justice and the Department's Jail Information Management System. The LASRA tool will enhance the Department's existing classification methods by reducing the jail inmate population and efficiently identify inmates for community placement, thus helping to reduce inmate recidivism.

The Department's Inmate Reception Center is tasked with the classification of approximately 500 inmates entering the County jail each day. The Department's Education Based Incarceration Bureau and Community Transition Unit will use an inmate's risk score to determine if the inmate qualifies for community placement. The LASRA solution will help the Department relieve crowded jail conditions and mitigate the need for additional beds.

Implementation of Strategic Plan Goals

The services provided under this Contract support the County's Strategic Plan, Goal 1, Operational Effectiveness/Fiscal Sustainability, and Goal 2, Community Support and Responsiveness, by enabling the Department to utilize a tool, which has been previously validated to place inmates into appropriate community programs and reduce the jail inmate population.

FISCAL IMPACT/FINANCING

The maximum County obligation under the Contract is \$350,000. The Maximum Contract Sum includes an allocation of pool dollars in the amount of \$50,000 for optional services for any additional and necessary consulting or professional services, including training and knowledge transfer. This initiative will be 100 percent funded by the Inmate Welfare Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Contract with Regents provides for consulting services for the development, implementation, and validation of the LASRA tool for the Department. Under its terms, UCI will retain ownership of all statistical data for purposes of publication or educational use in its capacity as an academic institution, and the County will retain all County data provided to UCI including any personal identifiable information. It also provides that UCI will grant a license to the County for the LASRA

tool including the software source code, which will enable the Department to maintain the tool as necessary to meet its needs following implementation. The Contract will become effective upon the Sheriff's execution of the Contract, and will continue for an initial term of two years, with a six-month extension at the Department's option.

As a result of the negotiations and UCI's status as a public entity, the Contract provides that the parties would mutually indemnify for liability arising from, or connected with, their respective performance of the Contract. Notwithstanding, UCI will not indemnify the County for claims and liabilities arising from the work of its subcontractors. Any approved subcontractors will be required to comply with the confidentiality provisions of the Contract, indemnify the County for claims and liabilities arising from their respective work related to the Contract, and provide proof of insurance at specified limits, while naming the County as an additional insured.

Additionally, since UCI is an academic institution and not a reseller of goods and services, the Contract provides that all work performed under the Contract, including development and implementation of the LASRA tool, will be delivered "as is" without any warranties. UCI policies prohibit them from indemnifying the County for intellectual property (IP) infringement claims arising out of the County's use of the LASRA tool. UCI did agree to warrant, to the best of its knowledge, its ownership of the LASRA tool and the right to grant the County the license to use the tool. The Department, after consultation with the CEO's Risk Management Branch, believes the benefits to be derived from the LASRA tool outweigh the potential risks of these provisions given (I) UCI's success with the State's CSRA solution, and (II) the contractual requirement that UCI develop, implement, validate, and deliver a LASRA tool that meets County specifications and functionality.

The remainder of the Contract contains all the latest Board-mandated provisions, including Time Off for voting, consideration of qualified County employees targeted for layoffs and GAIN/GROW participants for employment openings, and compliance with Jury Service Ordinance, Safely Surrendered Baby Law, and the Child Support Program.

The CEO's Risk Management Branch has reviewed the Contract and concurs with the provisions relating to insurance and indemnification.

The CIO recommends approval of the Contract (CIO analysis attached).

The Contract has been reviewed and approved as to form by County Counsel.

CONTRACTING PROCESS

On June 20, 2014, the Department submitted to the Board an advance notification of intent to enter into negotiations for a Contract with UCI. UCI is uniquely qualified to provide a statistically validated tool for the Department's use.

On October 3, 2014, the Department, in a subsequent letter, notified the Board that the Los Angeles County Probation Department (Probation) will also enter into negotiations with UCI to provide a Los Angeles Probation Risk Assessment (LAPRA) tool. Following approval of the Contract by the Board, Probation will commence negotiations with Regents and UCI for the LAPRA tool. Probation will subsequently present to the Board a separate contract for the LAPRA tool, similar to the proposed Contract for the LASRA tool.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the Contract will allow the Department to reduce the inmate population by efficiently placing inmates into appropriate community programs.

CONCLUSION

Upon approval by the Board, please return two adopted copies of this Board letter to the Department's Contracts Unit.

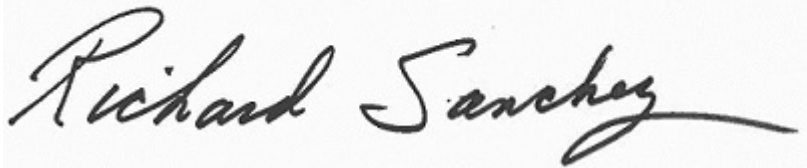

Should additional information be required, your staff may contact Contracts Manager, Angelo Faiella, at (213) 229-3259.

Strategic and Business Analysis

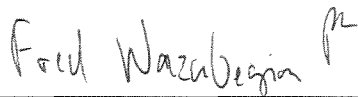

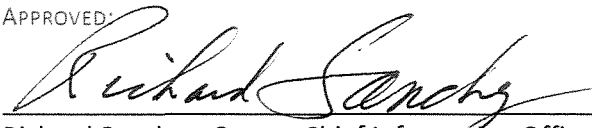

PROJECT GOALS AND OBJECTIVES:

Under this Contract the County will receive consulting services for the development, implementation, and validation of the LASRA risk assessment tool for the Department. UCI's California Static Risk Assessment (CSRA) tool was previously developed by UCI's Center for Evidence-Based Corrections for the State of California Department of Corrections and Rehabilitation (CDCR) to classify the CDCR inmate population. Advanced notification of intent to enter into contract negotiations was sent to the Board on June 20, 2014.

BUSINESS DRIVERS:

The nature and scope of the problems facing the Sheriff Department's Custody Bureau have grown due to new legislative requirements combined with a downturn in the economy and have stressed the system to the limit. The legal and operational challenges of chronic and acutely overcrowded County jails has raised concerns within the County government about the most effective use of its custody resources and to enhance public safety. Critical to the challenge faced by the Department is the need to implement a proven method for evaluating the risks of releasing inmates without compromising community safety, while assuring that

	<p>inmates attend court appearances and comply with appropriate supervision requirements during their release.</p> <p>The customized automated LASRA Tool will enable the Sheriff Department to triage County inmates into Inmate Risk Levels based on their probability of recidivism. Inmate Risk Assessment Scoring will be calculated based on regression analysis of inmate metrics such as criminal convictions, age at release, gender, etc.</p> <hr/> <p>PROJECT ORGANIZATION:</p> <p>The Sheriff's Custody Division is driving this project programmatically. The project has a dedicated Sargent and an Information Technology Manager III, assigned as the project Manager who will be managing the project to ensure deliverables have been completed and tested on time and ensure a successful implementation.</p> <hr/> <p>PERFORMANCE METRICS:</p> <p>The contract includes fixed price deliverables with optional services. The source code will be provided to the County. UCI will support the County in maintaining the LASRA Tool in production environment for 60 days following LASRA tool Go-Live, before the LASRA tool can achieve Final Acceptance by County. The Sheriff Department IT staff will assume the application support and maintenance roll after warranty period.</p> <hr/> <p>STRATEGIC AND BUSINESS ALIGNMENT:</p> <p>The advanced notification of intent to enter into contract negotiations with UCI was sent on June 20, 2014. LASRA will provide valuable and timely information to assist in making consistent judgments on inmate recidivism adopting decisions based on a policy-driven approach, identifying needs in custodial and non-custodial settings. LASRA will assist the Department to determine levels of supervision, staffing requirements, and program needs. UCI is the only vendor that can provide those services.</p> <hr/> <p>PROJECT APPROACH:</p> <p>UCI is the sole provider of consulting and application development services for its proprietary application. UCI will develop a detailed Project Plan to define how LASRA will be implemented, addressing the requirements, resources, and estimated timeline to execute the Tasks and Deliverables. UCI will customize, develop and deliver the assessment tool. UCI will also provide knowledge transfer, training, documentation, and optional services.</p> <hr/> <p>ALTERNATIVES ANALYZED:</p> <p>There are no commercially available tools to address the unique requirements and concerns of the newly formed Board Office of Diversion Programs. The UCI assessment tool was developed by UCI for the CDCR inmate population. LASRA will enhance the Department's Jail Information Classification System, enabling the Department to identify inmates for community placement, which is based on the unique capabilities of UCI's CSRA.</p>
Technical Analysis	<p>ANALYSIS OF PROPOSED IT SOLUTION:</p> <p>The technology being deployed by UCI is consistent with the industry standards and the County CIO initiatives. The application uses Statistical Analysis System (SAS) data analytics tool. UCI will modify their tool by adapting its model to capture</p>

	County inmate demographics and criminal history and electronic interface with the United States Department of Justice and the Department's Jail Information Management System (JIMS).	
Financial Analysis	<p>BUDGET:</p> <p>Contract costs:</p> <p>Customization and Development: \$ 300,000</p> <p>Optional services \$ 50,000</p> <p>Sub-total Contract Costs: \$ 350,000</p> <p>Other County costs:</p> <p>One-time costs invested since 2014:</p> <p>Hardware \$ 8,514</p> <p>SAS server license \$ 18,845</p> <p>Sub-total one-time County costs: \$ 27,359</p> <p>Ongoing annual license maintained costs</p> <p>County staff (existing) \$ 42,000 **</p> <p>** Custody Assistant (20%) \$ 12,000</p> <p>Sr. Information System Analyst (20%) \$ 15,000</p> <p>Lieutenant Sheriff (10%) \$ 15,000</p>

19. CONTRACTOR RESPONSIBILITY AND DEBARMENT

19.1 RESPONSIBLE CONTRACTOR

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the Contract. It is County's policy to conduct business only with responsible contractors.

19.2 CHAPTER 2.202 OF THE COUNTY CODE

Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if County acquires information concerning the performance of Contractor on this or other contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in the Contract, debar Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts Contractor may have with County.

19.3 NON-RESPONSIBLE CONTRACTOR

County may debar a Contractor if the Board of Supervisors finds, in its discretion, that Contractor has done any of the following: (1) violated a term of a contract with County or a nonprofit corporation created by County, (2) committed an act or omission which negatively reflects on Contractor's quality, fitness or capacity to perform a contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against County or any other public entity.

19.4 CONTRACTOR HEARING BOARD

- 19.4.1 If there is evidence that Contractor may be subject to debarment, County will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
- 19.4.2 The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether Contractor should be debarred, and, if so, the appropriate length of time of the debarment. Contractor and County shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.
- 19.4.3 After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
- 19.4.4 If Contractor has been debarred for a period longer than five (5) years, that Contractor may, after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (i) elimination of the grounds for which the debarment was imposed; (ii) a bona fide change in ownership or management; (iii) material evidence discovered after debarment was imposed; or (iv) any other reason that is in the best interests of County.
- 19.4.5 The Contractor Hearing Board will consider a request for review of a debarment determination only where (i) Contractor has been debarred for a period longer than five (5) years; (ii) the debarment has been in effect for at least five (5) years; and (iii) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.
- 19.4.6 The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

19.5 SUBCONTRACTORS OF CONTRACTOR

These terms of this Paragraph 19 shall also apply to subcontractors of County contractors.

20. CONTRACTOR'S ACKNOWLEDGEMENT OF COUNTY'S COMMITMENT TO THE SAFELY SURRENDERED BABY LAW

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at www.babysafela.org.

21. CONTRACTOR'S WARRANTY OF ADHERENCE TO COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

21.1 Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through Contract are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

22. CONTRACTOR'S WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Contract will maintain compliance, with Los Angeles County Code Chapter 2.206.

23. COUNTY'S QUALITY ASSURANCE PLAN

County or its agent will evaluate Contractor's performance under this Contract on not less than an annual basis. Such evaluation will include assessing Contractor's compliance with all Contract terms and conditions and performance standards. Contractor deficiencies which County determines are severe or continuing and that may place performance of the Contract in jeopardy if not corrected will be reported to the Board of Supervisors. The report will include improvements/corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures, County may terminate this Contract or impose other penalties as specified in this Contract.

24. DAMAGE TO COUNTY FACILITIES, BUILDINGS AND GROUNDS

- 24.1** Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings or grounds caused by Contractor or employees or agents of Contractor. Such repairs shall be made immediately after Contractor has become aware of such damage, but in no event later than thirty (30) days after the occurrence.

Contractor shall obtain, from all employees performing work hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, (P.L. 99-603), or as they currently exist and as they may be hereafter amended. 26. FACSIMILE REPRESENTATIONS

County and Contractor hereby agree to regard facsimile representations of original signatures of authorized officers of each party, when appearing in appropriate places on the Amendments and Change Notices prepared pursuant to Paragraph 8 (Change Notices and Amendments) and elsewhere in the Contract, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to Amendments and Change Notices to this Contract, such that the parties need not follow up facsimile transmissions of such documents with subsequent (non-facsimile) transmission of "original" versions of such documents.

27. FAIR LABOR STANDARDS

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless County and its agents, officers, and employees from any and all liability, including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law, including, but not limited to, the Federal Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable.

28. FORCE MAJEURE

- 28.1** Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's subcontractors), freight embargoes, or other similar events to those described

above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this Paragraph 28 as “force majeure events”).

28.2 Notwithstanding the foregoing, a default by a subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this Paragraph 28, the term “subcontractor” and “subcontractors” mean subcontractors at any tier.

28.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

29. GOVERNING LAW, JURISDICTION AND VENUE

This Contract shall be governed by, and construed in accordance with, the laws of the State of California. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.

30.2 Contractor shall be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of Contractor.

30.3 Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of Contractor and not employees of County. Contractor shall be solely liable and responsible for furnishing any and all Workers' Compensation benefits to any person as a result of any injuries arising from or connected with any work performed by or on behalf of Contractor pursuant to this Contract.

County shall indemnify, defend and hold harmless Contractor its officers, employees, and agents from and against any and all liability, including but not limited to demands, claims, actions, fees, costs, and expenses (including reasonable attorney and expert witness fees), arising from or connected with County's performance of this Contract, but only in proportion to and to the extent such liability, loss, expense, attorney's fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of County, its officers, agents, or employees.

32. INSURANCE

32.1 GENERAL INSURANCE REQUIREMENTS

Without limiting Contractor's indemnification of County and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in this Paragraph 32, including Paragraph 32.4 (Insurance Coverage Requirements), of this Base Contract. These minimum insurance coverage terms, types and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Contract. County in no way warrants that the Required Insurance is sufficient to protect Contractor for liabilities which may arise from or relate to this Contract.

Certificates shall provide the amounts of any policy deductibles or self-insured retentions exceeding fifty thousand (\$50,000.00) dollars, and list any County required endorsement forms.
- 32.2.3 Neither County's failure to obtain, nor County's receipt of, or failure to object to a non-complying insurance certificate or endorsement, or any other insurance documentation or information provided by Contractor, shall be construed as a waiver of any of the Required Insurance provisions.

Certificates and copies of any required endorsements shall be sent to County's Project Director, with a copy to County's Project Manager, at the address set forth in Exhibit F (County's Administration).

Contractor also shall promptly report to County any injury or property damage accident or incident, including any injury to a Contractor employee occurring on County property, and any loss, disappearance, destruction, misuse, or theft of County property, monies or securities entrusted to Contractor. The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees and Volunteers (collectively County and its Agents) shall be provided additional insured status under Contractor's self-insured General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of County under this Contract. County and its Agents additional insured status shall apply in proportion to and the extent liability and defense of suits arise out of Contractor's negligent acts or omissions. The full policy limits and scope of protection also shall apply to County and its Agents as an additional insured, even if they exceed County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

32.3.1 CANCELLATION OF OR CHANGES IN INSURANCE

The written notice shall be provided to County at least ten (10) days in advance of cancellation for non-payment of premium and thirty (30) days in advance of any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of this Contract, in the sole discretion of County, upon which County may suspend or terminate this Contract.

32.3.2 FAILURE TO MAINTAIN INSURANCE

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, County may purchase the Required Insurance and, without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

32.3.3 INSURER FINANCIAL RATINGS

Coverage shall be placed with insurers acceptable to County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.

32.3.4 CONTRACTOR'S INSURANCE SHALL BE PRIMARY

In addition, any subcontractor hired by Contractor to provide Services hereunder shall provide waivers of subrogation in favor of Contractor and County. Contractor shall obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.

32.3.6 CLAIMS MADE COVERAGE

Contractor understands and agrees it shall maintain such coverage for a period of not less than three (3) years following Contract expiration, termination or cancellation.

32.3.7 APPLICATION OF EXCESS LIABILITY COVERAGE

Contractor may use a combination of primary, and excess insurance policies which provide coverage as broad as the underlying primary policies, to satisfy the Required Insurance provisions.

A description of the work not performed and the amount to be withheld or deducted from payments to Contractor from County, will be forwarded to Contractor by the Sheriff, or designee, in a written notice describing the reasons for said action.

33.4 This Paragraph 33 shall not, in any manner, restrict or limit County's right to damages for any breach of this Contract provided by law or as specified in Paragraph 33.2 above or otherwise in this Contract and shall not, in any manner, restrict or limit County's right to terminate this Contract as agreed to herein.

34. STANDARD OF SERVICES

35.6 If County finds that any provisions of this Paragraph have been violated, such violation shall constitute a material breach of this Contract upon which County may terminate or suspend this Contract. While County reserves the right to determine independently that the anti-discrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated Federal or State anti-discrimination laws or regulations shall constitute a finding by County that Contractor has violated the anti-discrimination provisions of this Contract.

36. NON-EXCLUSIVITY

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Contractor. This Contract shall not restrict County from acquiring similar, equal or like goods and/or services from other entities or sources.

43. PUBLICITY

1.0 INTRODUCTION

1.1 Overview

This Statement of Work (“SOW”) defines the general scope of work, specific Tasks, and Deliverables required for the development and implementation of the Los Angeles County Sheriff Risk Assessment (“LASRA”) tool (“Tool”). LASRA will provide a turnkey, functionally operational, and scientifically validated offender static risk assessment tool.

Any terms with the initial letter capitalized, which are not defined herein, shall have the meanings given to such terms in Paragraph 2 (Definitions) of the Base Contract.

1.2 Background

The Sheriff’s Department (“Sheriff” or “Department”) of Los Angeles County (“County”) operates one of the world’s largest jail systems. Los Angeles County’s criminal justice system is extraordinarily complex, involving 88 municipalities, 47 law enforcement agencies, more than 30 criminal courthouses, and seven jail facilities.

The nature and scope of the problems facing the Department’s Custody Bureau have grown due to new legislative requirements combined with a downturn in the economy and have stressed the system to the limit. The legal and operational challenges of chronic and acutely overcrowded County jails has raised concerns within the County government about the most effective use of its custody resources and to enhance public safety.

Critical to the challenge faced by the Department is the need to implement a proven method for evaluating the risks of releasing inmates without compromising community safety, while assuring that inmates attend court appearances and comply with appropriate supervision requirements during their release.

The County will contract with the University of California, Irvine (“Contractor” or “UCI”) for consulting services to develop the LASRA Tool. Contractor is internationally recognized for its accomplishments and expertise in corrections risk assessment and evaluation and is uniquely qualified for this project.

1.3 Scope

1.3.1 Contractor shall work with the County’s Project Director to determine the appropriate Department staff to engage throughout the Project’s lifecycle. Success of this Project necessitates establishing a strong project management structure, including project risk and issue management review and resolution, consistent and clear reporting, and communication between the Department and Contractor. Contractor shall communicate

all Project deficiencies through status reports that will indicate real and potential impacts to the Project timeline and goals.

- 1.3.2 Contractor shall work with the Department staff to identify the timeline of historical California Department of Justice (“DOJ”) inmate data necessary to develop and validate LASRA. The Department will be responsible for obtaining and providing the identified historical inmate data to Contractor.
- 1.3.3 Contractor shall perform analysis of the identified historical inmate criminal data to refine and customize their generic Static Risk Assessment (“SRA”) model to develop LASRA.

Contractor uses chronologically sorted historical inmate data to fashion LASRA. The historical inmate data will be divided into two subsets of data. The oldest historical inmate data, subset A, will be used for determining the predictability of inmate recidivism and establishing inmate Risk Assessment Scores and inmate Risk Levels. Subset B, consisting of subsequent historical inmate data, will be used to validate LASRA’s inmate Risk Assessment Scoring methodology for assessing inmate recidivism Risk Levels. Results of Contractor’s analysis of the historical inmate criminal data will be presented to the Department for review, revision, and approval. These results shall indicate the effectiveness and error rate of LASRA’s effectiveness and error rate for predicting inmate recidivism, as determined with the Department inmate historical data.

- 1.3.4 Contractor shall participate in the implementation and validation of LASRA throughout Contractor’s provision and completion of Tasks and Deliverables of this SOW as indicated.
- 1.3.5 Contractor shall thoroughly document the development, analysis, refinements, recidivism risk assessment scoring methodology, validation, and principles of LASRA.

1.4 Goals and Objectives

Goals and objectives for the LASRA Project, at a minimum, include the following:

- A customized automated LASRA Tool used to triage County inmates into Inmate Risk Levels based on their probability of recidivism.
- Inmate Risk Assessment Scoring will be calculated based on regression analysis of inmate metrics such as criminal convictions, age at release, and gender (“Static Variables”) by LASRA. These Static Variables are then multiplied against predetermined numbers (“Weighting Factors”). The results of these computations are then processed to obtain a single outcome or Risk Assessment Score for the inmate.
- Inmate Risk Levels are assigned based on the inmate’s Risk Assessment Score calculated by LASRA. Delineation between two adjacent inmate Risk Levels is referred to as a “Cut-Point”. Contractor will work with the

Department to establish Cut-Point to meet Departmental objectives. The inmate's Risk Assessment Score will determine the inmate's Risk Level, indicating the inmate's predicted recidivism potential.

- Based upon the Cut-Points, the inmate's Risk Assessment Score will assign the inmate to one of the following five inmate Risk Levels:
 1. Low Risk
 2. Moderate Risk
 3. High Risk Drug
 4. High Risk Property
 5. High Risk Violent

LASRA will provide valuable and timely information to assist in making consistent judgments on inmate recidivism adopting decisions based on a policy-driven approach, identifying needs in custodial and non-custodial settings. LASRA will assist the Department to determine levels of supervision, staffing requirements, and program needs.

1.5 Work Approach

- Contractor shall develop a detailed Project Plan that shall define how LASRA will be implemented, addressing, in sufficient detail, the requirements, resources, and estimated timeline to execute the Tasks and Deliverables listed in this SOW.
- Contractor shall develop and deliver LASRA.
- Contractor shall assist with the successful configuration and installation of the LASRA Beta Tool and Production Tool.
- Contractor shall provide knowledge transfer, training, documentation, and other services required by this SOW.

TASK 10.0 – Achieve LASRA Tool Final Acceptance

Contractor shall maintain the LASRA Tool for a full continuous uninterrupted 60-day period commencing upon Go-Live. In the event a Deficiency causes interruption in the operation of the LASRA Tool during this 60-day period, Contractor shall correct such deficiency and restart the 60-day period.

DELIVERABLE 10.0 – LASRA Tool Final Acceptance

The LASRA Tool shall achieve "Final Acceptance" following completion of, and Department's written approval of, all Required Services associated with this SOW (Tasks 1.0 through 10.0), and Department's issuance to Contractor of a signed Final Acceptance Certificate in the form substantially similar to that specified in Exhibit T (Final Acceptance Certificate).

3.0 PROJECT ASSUMPTIONS

3.1 General

The installation assumptions set forth in this Section 3.0 will apply to this SOW.

Department will provide Contractor with access to Department facilities and as well as technical, administrative, and Subject Matter Expert staff assigned to assist Contractor, all subject to county's background clearance process. County staff will, when appropriate and necessary, perform specific Tasks of this SOW that require collaboration from the Department, as determined by County Project Manager.

All Deliverable documentation created by Contractor for this engagement shall be made available to County in both hard copy and soft copy formats. Unless otherwise specified by the Department, the soft copy format will be a Microsoft Office Suite document, with Contractor to be responsible for providing all personal computing devices and software (e.g. Microsoft Office) for its staff.

3.2 People Resources

Contractor shall accommodate the pairing of its implementation resources with the appropriate Department resources to facilitate knowledge transfer during implementation and validation of the LASRA Tool. The appropriate hours and resource effort to facilitate this knowledge transfer will be up to the discretion and decision of the Contractor's Project Manager, contingent on the impact to the overall Project Schedule.

3.3 Technology

- Any changes in the scope of the Tasks of this SOW or any inaccuracies in the requirements will necessitate a change to this SOW in accordance with the Change Notice process described in Paragraph 8 (Change Notice and Amendments) of the Contract;
- Contractor will not be responsible for the inability to create baseline data due to failures outside of Contractor's control, including corrupted baseline data. Changes in the Project associated with recovery from such events will be made in accordance with the Change Notice process described in Paragraph 8 (Change Notice and Amendments) of the Contract;
- Contractor is not responsible for the provision and maintenance of any network environment components and circuits, which are owned by the Department;
- The Department has acquired client and server hardware and all requisite software separately, based on Contractor recommended specifications for the LASRA Tool; and
- Appropriate access to the Department's technical staff with physical and administrative access to servers, in the current server environment,

responsible for supporting all appropriate and necessary Tasks of this SOW and ongoing support provided to the Department by Contractor, as required.

3.4 LASRA Tool Final Acceptance

The LASRA Final Acceptance criteria will be based upon the Implementation Validation Plan developed and demonstrated as part of the PCD under Subtask 1.1 (Project Control Document). Contractor shall, for the purpose of validating the LASRA Tool under Subtask 7.2 (Certify LASRA Tool Go-Live), define the validation strategies required for the LASRA Tool in a production environment.

LASRA Tool Final Acceptance will be achieved after the LASRA Tool operates in real production continuously without interruption for 60 days.

In the event the Department and Contractor agree that the Department's hardware, operating environment, network, Third Party Software, or other circumstances outside of the control of Contractor [or not required under this Contract to be provided by Contractor] have contributed to the failure of the LASRA Tool to complete such 60-day operation cycle without interruption, Contractor will not be held liable for such failure. The contributory circumstances will be remedied by the Department within a timeframe mutually agreed to in writing by Contractor and the Department. In the case of Third Party Software supplied by County for the purpose of providing the LASRA Tool, Contractor shall identify to County the particular Third Party Software component(s) causing the Deficiency and shall assist County in repairing and/or de-installing and replacing such Third Party Software component(s), or any part thereof, which fail to function according to the applicable specifications, as determined by County's Project Director. Contractor shall be responsible for the balance of time needed to complete the 60-day real-time operation period. Additional time requested by Contractor, and approved by the County Project Director, for the purposes of reloading data and restarting the LASRA Tool, shall not be included in the 60-day period.

If, at any time during the 60-day period, the Department and Contractor mutually determine that the LASRA Tool has failed to pass validation tasks due to Deficiencies in the LASRA Tool, including any customization thereto, Contractor shall correct, at Contractor's sole expense, any such non-conformance and re-start any Deliverable Task or Subtask, or any portion thereof, contained in this SOW, as determined by the County's Project Director, as described in this Paragraph 3.4. In such event, the 60-day cycle shall be restarted in its entirety.

Upon satisfaction of the foregoing by Contractor, Contractor shall deliver to the Department for the Department's signature a LASRA Final Acceptance Certificate (Exhibit T), subject to the delivery of: (1) A letter from the UCI Regents or designee authorizing the County to utilize the LASRA Tool in perpetuity and update the Tool as needed to comply with future changes in

technology, (2) the Source Code for the Tool to enable County to perform such updates; and (3) all final-form documentation produced for the LASRA Tool.

3.5 LASRA Maintenance

Upon Final Acceptance by County after signing in on the Final Acceptance Certificate, County will engage qualified County staff, who have demonstrated proficiency with the LASRA Tool software platform based on Contractor's transfer of knowledge, to maintain the LASRA Tool in perpetuity. Contractor shall have no responsibility to maintain the LASRA Tool under this Contract as part of Required Services. Contractor recognizes and County agrees that Contractor is not obligated to perform maintenance of the Tool under any future Contract with the County, with or without consideration therein.

3.6 Optional Services

Notwithstanding Paragraph 3.5 (LASRA Maintenance) above, County may request that Contractor provide Optional Services during the term of the Contract following Final Acceptance, which may include software modifications, consulting services and other professional services.

Following County's written request for such Optional Services, Contractor shall submit to County for approval a not-to-exceed Maximum Fixed Price calculated based on the Fixed Hourly Rate and other pricing terms set forth in this Contract. County and Contractor shall agree on the Work Order for the tasks and deliverables to be performed and the Maximum Fixed Price for such Optional Services.

Contractor may invoice County for any such Optional Services only for the actual number of hours expended by Contractor and Contractor's cost for providing such Optional Services based on such actual number of hours, which shall not exceed the agreed upon Maximum Fixed Price, in the manner outlined in Paragraph 5.5 (Invoices and Payments) of the Base Contract. All Optional Services provided by Contractor under this Contract shall be subject to County's written approval in accordance with the terms of this Contract before payment therefor. The Fixed Hourly Rate set forth in Exhibit B (Pricing Schedule) shall not increase during the term of the Contract.

Notwithstanding the foregoing, Contractor recognizes and County agrees that Contractor is not obligated to provide Optional Services to the County, with or without consideration therein.

3.7 LASRA Project Team Responsibilities

- Provide Contractor's Project Director with relevant Department organization charts;
- Provide direction to County's Project Manager, coordinate Contractor's execution of all Tasks and Deliverables, and facilitate Contractor relations;

- Dispute resolution arbitration; and
- Approval authority for LASRA Tool Final Acceptance.

4.0 PROJECT REVIEW AND ACCEPTANCE

4.1 Task/Deliverable Summary Review Form

Contractor shall submit a Task/Deliverable Approval Certificate (Exhibit U) for all work to County's Project Director, for each Task/Deliverable outlined in this SOW, as further detailed in Exhibit B (Pricing Schedule), together with any supporting documentation requested by the Department for County's Project Director's review.

All work shall be completed in accordance with the requirements and specifications set forth in the Contract and the PCD and must be approved by the County's Project Director as evidenced by the County's Project Director's countersignature on the applicable Task/Deliverable Approval Certificate (Exhibit U). County's Project Director shall review each element of work provided by Contractor, including all Tasks, Subtasks, Deliverables and other Services required therein and provided by Contractor pursuant to the Contract, within the time frames set forth in the Project Control Document.

4.2 Document Review Process

When Contractor creates documentation as part of the Project, each documented deliverable will initially be developed in draft form.

When the draft document is complete, the Contractor's Project Manager shall submit the initial release document to the County's Project Manager for review and comment. The County's Project Manager will be responsible for distributing copies of the initial release document for internal review. The County's Project Manager is responsible for providing the Department's comments and a clearly marked version of the draft document to Contractor's Project Manager. The County's Project Manager will have ten (10) Business Days to review and return comments to Contractor's Project Manager. Contractor shall review and evaluate the Department's comments and respond accordingly. The Department's comments and Contractor's recommendations will be discussed and integrated into a final version of the documented deliverable to be provided by Contractor to the County's Project Manager.

Exhibit D

INFORMATION SECURITY AND PRIVACY REQUIREMENTS

This Exhibit D (Information Security And Privacy Requirements) is an attachment and addition to the Los Angeles County Sheriff's Department Static Risk Assessment (LASRA) Contract dated _____, 2015 (the "**Contract**") entered into by and between the Los Angeles County Sheriff's Department ("**LASD**") and the University of California, Irvine ("UCI", "Contractor"). This Exhibit D is incorporated into the Contract by reference and supplements any other terms and conditions relating to confidentiality and security set forth in the Contract. Any terms with the initial letter capitalized, which are not defined herein, shall have the meanings given to such terms in Paragraph 2 (Definitions) of the Base Contract.

This Exhibit D (Information Security and Privacy Requirements) sets forth information security procedures to be established by Contractor before the Effective Date of the Contract and maintained throughout the term of the Contract. These procedures are in addition to the requirements of the Contract between the parties. These procedures provide a minimum standard only. However, it is Contractor's sole obligation to: (i) implement appropriate measures to secure its systems and data, including Personally Identifiable Information (as defined below) and County's Confidential Information, against internal and external threats and risks; and (ii) continuously review and revise those measures to address ongoing threats and risks. Failure to comply with the minimum standards set forth in this Exhibit D (Information Security and Privacy Requirements) shall constitute a material, non-curable breach of the Contract by Contractor, entitling the Sheriff, in addition to and cumulative of all other remedies available to it at law, in equity, or under the Contract, to immediately terminate the Contract.

1. **Security Policy.** Contractor shall establish and maintain a formal, documented, mandated, company-wide information security program, including security policies, standards and procedures (collectively "**Information Security Policy**"). The Information Security Policy will be communicated to all Contractor personnel and subcontractors in a relevant, accessible, and understandable form and will be regularly reviewed and evaluated to ensure its operational effectiveness, compliance with all applicable laws and regulations, and to address new threats and risks.
2. **Removable Media.** Except in the context of Contractor's routine back-ups or as otherwise specifically authorized by LASD in writing, Contractor shall institute strict physical and logical security controls to prevent transfer of Personally Identifiable Information to any form of Removable Media. For purposes of this Exhibit D (Information Security and Privacy Requirements), "**Removable Media**" means portable or removable hard disks, floppy disks, USB memory drives, zip disks, optical disks, CDs, DVDs, digital film, digital cameras, memory cards (e.g., Secure Digital (SD), Memory Sticks (MS), CompactFlash (CF), SmartMedia (SM), MultiMediaCard (MMC), and xD-Picture Card (xD)), magnetic tape, and all other removable data storage media.
3. **Storage, Transmission, and Destruction of Personally Identifiable Information.** All Personally Identifiable Information shall be rendered unusable, unreadable, or indecipherable to unauthorized individuals, as amended and supplemented by the California Civil Code section 1798 et seq. Without limiting the generality of the foregoing, Contractor shall encrypt (i.e., National Institute of Standards and Technology (NIST) Special Publication

(SP) 800-111 Guide to Storage Encryption Technologies for End User Devices¹) all Personally Identifiable Information (stored and during transmission). If Personally Identifiable Information is no longer required to be retained by Contractor under the Contract and applicable law, Contractor shall destroy such Personally Identifiable Information by: (a) shredding or otherwise destroying paper, film, or other hard copy media so that the Personally Identifiable Information cannot be read or otherwise cannot be reconstructed; and (b) clearing, purging, or destroying electronic media containing Personally Identifiable Information consistent with NIST Special Publication 800-88, Guidelines for Media Sanitization² and US Department of Defense (DOD) 5220.22-M data sanitization and clearing directive³ such that the Personally Identifiable Information cannot be retrieved.

4. **Data Control; Media Disposal and Servicing.** Subject to and without limiting the requirements under Section 3 (Storage, Transmission and Destruction of Protected Personally Identifiable Information and County Confidential Information): County's Confidential Information, including Personally Identifiable Information, (i) may only be made available and accessible to those parties explicitly authorized under the Contract or otherwise expressly approved by the Sheriff in writing; (ii) if transferred across the Internet, any wireless network (e.g., cellular, 802.11x, or similar technology), or other public or shared networks, must be protected using industry standard encryption technology in accordance with the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-52 Guidelines for the Selection and use of Transport Layer Security Implementations⁴; and (iii) if transferred using Removable Media (as defined above), must be sent via a bonded courier or protected using industry standard encryption technology in accordance with NIST SP 800-111 Guide to Storage Encryption Technologies for End User Devices⁵. The foregoing requirements shall apply to back-up data stored by Contractor at off-site facilities. In the event any hardware, storage media, or Removable Media must be disposed of or sent off-site for servicing, Contractor shall ensure all County's Confidential Information, including Personally Identifiable Information, has been cleared, purged, or scrubbed from such hardware and/or media using industry best practices in accordance with NIST SP 800-88, Guidelines for Media Sanitization⁶).
5. **Security Incident.** A "Security Incident" shall have the meaning given to such term in 45 C.F.R. § 164.304.
 - a. Contractor shall promptly notify (but in no event later than twenty-four (24) hours after the detection of a Security Incident) the designated Sheriff security contact by

- b. The notice shall include the approximate date and time of the occurrence and a summary of the relevant facts, including a description of measures being taken to address the occurrence. A Security Incident includes instances in which internal personnel access systems in excess of their user rights or use the systems inappropriately.

6. Confidentiality

- a. **Treatment of Confidential Information.** Each party under the Contract recognizes the importance of the other party's Confidential Information. In particular, each Party recognizes and agrees that the Confidential Information of the other is critical to their respective businesses and that neither party would enter into this Contract without assurance that such information and the value thereof will be protected as provided in this Section 6 (Confidentiality) and elsewhere in the Contract. Accordingly, each party agrees as follows: (a) the party receiving Confidential Information ("**Receiving Party**") will hold any and all Confidential Information it obtains in strictest confidence and will use and permit use of Confidential Information solely for the purposes of this Contract. Without limiting the foregoing, the Receiving Party shall use at least the same degree of care, but no less than reasonable care, to avoid disclosure or use of this Confidential Information as the Receiving Party employs with respect to its own Confidential Information of a like importance; (b) the Receiving Party may disclose or provide access to its responsible employees, agents, and consultants who have a need to know and may make copies of Confidential Information only to the extent reasonably necessary to carry out its obligations hereunder; and (c) the Receiving Party currently has, and in the future will maintain in effect and enforce, rules and policies to protect against access to or use or disclosure of Confidential Information other than in accordance with this Contract, including without limitation written instruction to and agreements with employees, agents, or consultants who are bound by an obligation of confidentiality no less restrictive than set forth in this Contract to ensure that such employees, agents, and consultants protect the confidentiality of Confidential Information including this Section 6 (Confidentiality). The Receiving Party will require its employees, agents, and consultants not to disclose Confidential Information to third-parties, including without limitation customers, subcontractors, or consultants, without prior written consent of the party disclosing Confidential Information ("**Disclosing Party**"), will notify the Disclosing Party immediately of any unauthorized disclosure or use, and will cooperate with the Disclosing Party to protect all proprietary rights in and ownership of its Confidential Information.
- b. **County Data.** All of the County Confidential Information, data, records, and information of County to which Contractor has access, or otherwise provided to Contractor under this Contract ("**County Data**"), shall be and remain the property of the Sheriff, and the Sheriff shall retain exclusive rights and ownership thereto. The data of County shall not

be used by Contractor for any purpose other than as required under this Contract, nor shall such data or any part of such data be disclosed, sold, assigned, leased, or otherwise disposed of to third-parties by Contractor or commercially exploited or otherwise used by or on behalf of Contractor, its officers, directors, employees, or agents. County Data provided to UCI shall be permanently deleted after completion of the project. This includes the Sheriff's sample data used for the development of the LASRA Tool. County Data shall not be retained by UCI and shall be discarded consistent with Los Angeles County Policy #3.040 (General Records Retention and Protection of Records⁷) containing Personal and Confidential Information.

- c. **Personally Identifiable Information.** “Personally Identifiable Information” shall mean any information that identifies a person, including, but not limited to, name, address, email address, passwords, account numbers, social security numbers, or personal preferences, demographic data, or any other identification data. For the avoidance of doubt, Personally Identifiable Information shall include, but not be limited to, all “nonpublic personal information,” and “Personally Identifiable Information” as that term is defined in California Civil Code section 1798.29 and EU Data Protection Directive (Directive 95/46/EEC) on the protection of individuals with regard to processing of personal data and the free movement of such data.
 - i. Personally Identifiable Information. In connection with this Contract and performance of the services, Contractor may be provided or obtain, from LASD or otherwise, Personally Identifiable Information pertaining to LASD's current and prospective personnel, directors and officers, subcontractors, and offenders and may need to process such Personally Identifiable Information and/or transfer it, all subject to the restrictions set forth in this Contract and otherwise in compliance with all applicable foreign and domestic laws and regulations for the sole purpose of performing the services.
 - ii. Treatment of Personally Identifiable Information. Without limiting any other warranty or obligations specified in this Contract, and in particular the confidentiality provisions of Paragraph 63 (Confidentiality and Security) of the Base Contract, during the term of this Contract and thereafter in perpetuity, Contractor will not gather, store, log, archive, use, or otherwise retain any Personally Identifiable Information in any manner and will not disclose, distribute, sell, share, rent, or otherwise retain any Personally Identifiable Information to any third-party, except as expressly required to perform its obligations in this Contract or as Contractor may be expressly directed in advance in writing by LASD. Contractor represents and warrants that Contractor will use and process Personally Identifiable Information only in compliance with (a) this Contract, and (b) all applicable local, state, and federal

7. Available at <http://countypolicy.co.la.ca.us/>

laws and regulations (including, but not limited to, current and future laws and regulations relating to spamming, privacy, confidentiality, data security, and consumer protection).

- iii. Retention of Personally Identifiable Information. Contractor will not retain any Personally Identifiable Information for any period longer than necessary for Contractor to fulfill its obligations under this Contract. As soon as Contractor no longer needs to retain such Personally Identifiable Information in order to perform its duties under this Contract, Contractor will promptly return or destroy or erase all originals and copies of such Personally Identifiable Information.
- d. **Return of Confidential Information.** Upon the Sheriff's written request or expiration or termination of this Contract for any reason, Contractor shall promptly: (a) return or destroy, at LASD's option, all originals and copies of all documents and materials it has received containing County's Confidential Information; (b) if return or destruction is not permissible under applicable law, continue to protect such information in accordance with the terms of this Contract; and (c) deliver or destroy, at the Sheriff's option, all originals and copies of all summaries, records, modifications, and other documents or materials prepared by Contractor and provide a notarized written statement to the Sheriff certifying that all documents and materials have been delivered to the Sheriff or destroyed, as requested by the Sheriff. On termination or expiration of this Contract, the Sheriff will return or destroy all Contractor's Confidential Information (excluding items licensed to the Sheriff hereunder or that are required for use of the deliverables under the Contract), at Contractor's option.

Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.

Note. You are encouraged to notify each employee whose wages for 2012 are less than \$50,270 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must

notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2013.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice from IRS.gov or by calling 1-800-829-3676.

How Will My Employees Know If They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the instructions for Form 1040, 1040A, or 1040EZ.

How Do My Employees Claim the EIC?

Eligible employees claim the EIC on their 2012 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2012 and owes no tax but is eligible for a credit of \$800, he or she must file a 2012 tax return to get the \$800 refund.
